DOGRA GEOMATICS PRIVATE LIMITED

Specialized Geotechnical Subcontractor for
Highways, Railways & Hill Infrastructure Projects

Your Trusted Subcontracting Partner for

Slope Stabilization • Road Safety • Earthwork • Railway & Highway Projects

DOGRA GEOMATICS
PRIVATE LIMITED

About Us

- Dogra Geomatics Pvt. Ltd. is a professionally managed geotechnical and infrastructure construction company with more than 10 years of hands-on experience in executing challenging projects across India.
- We specialize in slope protection, slope stabilization, rockfall mitigation, road safety works, earthwork excavation, drilling, grouting, tunneling support, and drainage works for highways, railways, bridges, and hilly terrain infrastructure.
- We work as a reliable subcontracting partner with reputed EPC contractors, ensuring safety, quality, and timely execution.
- Proven execution capability in **Himalayan, North-Eastern and difficult hill terrains**
- Experience of working under **live traffic, railway blocks and constrained site conditions**

Core Services

Geotechnical & Slope Stabilization Works

- Slope Protection & Stabilization (Cut Slopes, Hill Slopes, Embankments)
- Soil Nailing, Cable Anchoring & Micro Piling
- Rock Bolting & Shotcrete Works

Rockfall Mitigation Systems

- Wire Mesh, Rockfall Netting & Anchoring
- Catch Fences & Protective Systems

Drilling & Grouting Works

- Consolidation, Curtain & Contact Grouting
- Rotary & DTH Drilling

Road, Railway & Drainage Works

- Road Safety Works (Crash Barriers & Retaining Systems)
- Earthwork Excavation, Cutting & Slope Flattening
- Berms, Side Drains, Catch Water Drains & Cross Drainage
- Tunneling & Underground Support Works

Why Choose Dogra Geomatics

- Proven experience in Railway, Highway & Hill Area projects
- Expertise in difficult terrain and constrained site conditions
- Skilled engineers, supervisors, operators & trained workforce
- Strong safety culture compliant with EPC & Railway standards
- In-house modern machinery and quick mobilization capability
- Transparent, dependable and long-term subcontracting partner
- Strong capability in **measurement, billing & technical documentation**
- Ability to **rapidly mobilize manpower and machinery** as per project requirements

Ongoing Projects

- **Road Safety & Slope Stabilization – Kiru, Kishtwar (Jammu & Kashmir)**
  Road safety installations and slope stabilization works
  Main Contractor: Patel Engineering Ltd. & Mangal Murti Engineering
- **Earthwork, Slope Flattening & Drainage – Ashti (Konkan Railway), Maharashtra**
  Earthwork excavation, slope flattening and surface drainage works
  Client: Konkan Railway Corporation Ltd.
- **Jagdalpur–Koraput Doubling Project, Chhattisgarh–Odisha**
  Earthwork, slope stabilization and associated railway works
  Client: East Coast Railway
- **NH-44 Nashri–Dalwas Overbridge, Jammu & Kashmir**
  Slope protection, anchoring and road safety works
  Main Contractor : DMR Bharat Joint Venture
- **Raipur-Vishakhapatnam Highway in Koraput Section , Odisha**
  Slope protection, anchoring and road safety works
  Main Contractor: HG Infra & Evergreen Enterprises

Completed Projects

- **Parwanoo–Solan Section of NH-22 (Now NH-5), Himachal Pradesh**
  Slope protection, anchoring and road safety works
  Main Contractor: SRM Contractors Ltd.
- **Pathankot–Mandi Highway, Himachal Pradesh**
  Slope stabilization Anchoring and Mesh works
  Main Contractor: Gawar & HMBS Textiles
- **Johram–Koloriang–Sarli Road, Arunachal Pradesh**
  Slope stabilization Anchoring and Mesh works
  Main Contractor: Maccaferri
- **Anji Khad Railway Bridge, Jammu & Kashmir**
  Rockfall mitigation works, Anchoring and Mesh works
  Main Contractor: HCC & Mangal Murti Engg Works
- **Sawalakote Railway Station, Jammu & Kashmir**
  Surface drainage works
  Main Contractor: Vensar & Evergreen
- **Dimapur–Kohima Four-Laning Highway Project, Nagaland**
  Slope stabilization, rockfall protection and road safety works
  Main Contractor: Maccaferri

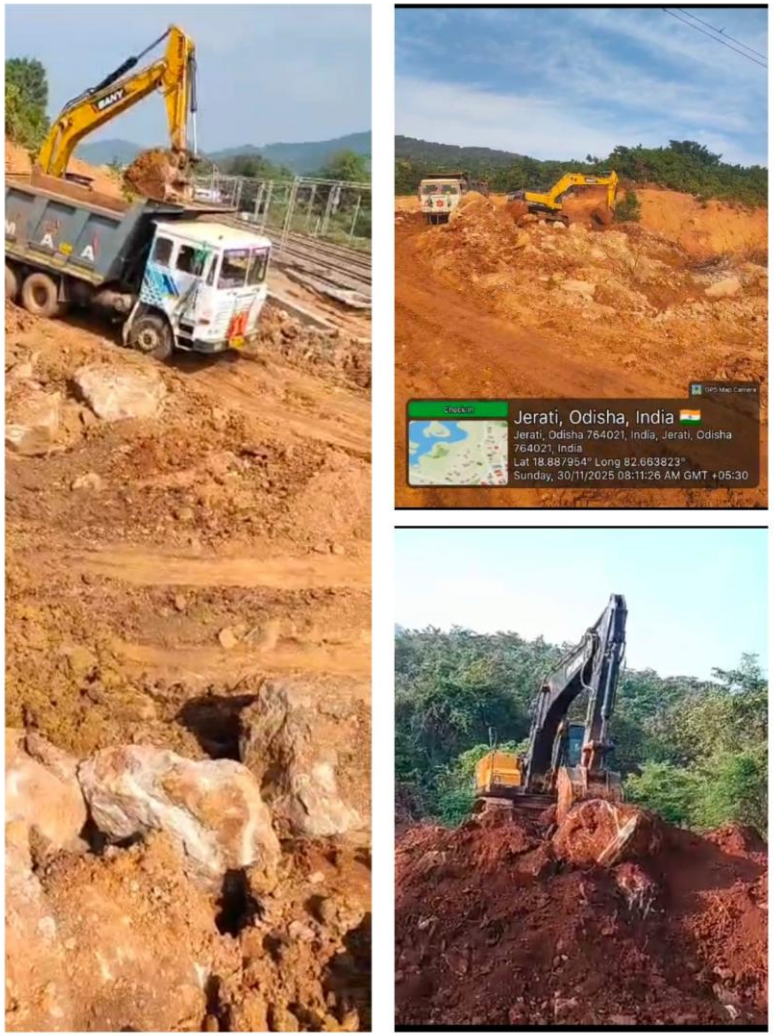

Selected Work Orders – Summary

Client / EPC / Authority	Project	Scope of Work
DMR Bharat JV	NH-44 Nashri–Dalwas, J&K	Slope protection, anchoring & road safety works
SRM Contractors Ltd.	Parwanoo–Solan Section of NH-22 (Now NH-5), HP	Slope protection, anchoring & road safety works
Gawar & HMBS Textiles	Pathankot–Mandi Highway, HP	Slope stabilization, anchoring & wire mesh works
Maccaferri	Johram–Koloriang–Sarli Road, Arunachal Pradesh	Slope stabilization, anchoring & wire mesh works
HCC & Mangal Murti Engineering	Anji Khad Railway Bridge, J&K	Rockfall mitigation, anchoring & wire mesh works
Vensar & Evergreen	Sawalakote Railway Station, J&K	Surface drainage works
Maccaferri	Dimapur–Kohima Four-Laning Highway, Nagaland	Slope stabilization, rockfall protection & road safety works
Patel Engineering Ltd. & Mangal Murti Engineering	Kiru, Kishtwar, J&K	Road safety installations & slope stabilization works
Konkan Railway Corporation Ltd.	Ashti Cutting (Konkan Railway), Maharashtra	Earthwork excavation, slope flattening & surface drainage works
East Coast Railway	Jagdalpur–Koraput Doubling Project, CG–Odisha	Earthwork, slope stabilization & associated railway works
HG Infra Engineering Ltd. & Evergreen Enterprises	Raipur–Visakhapatnam Highway (Koraput Section), Odisha	Slope protection, anchoring & road safety works

Machinery & Equipment

- 20 Nos. Drilling Mast Sets with Compressors
- Crawler Drilling Rigs (ROC) – 2 Complete Sets
- High-Capacity Diesel Generators
- Grout Pumps for Various Grouting Applications
- Dry & Wet Shotcrete Machines
- Excavator, Back Hoe Loaders & Dumpers
- Supporting Tools, Rigs & Safety Accessories
- Hoist and Lifting Equipment
- High Tech Safety Equipment to work on heights

Capable of deploying **multiple drilling and execution fronts simultaneously** across different locations

Manpower Strength

- Experienced Civil & Geotechnical Engineers
- Site Supervisors & Safety Officers
- Skilled Operators, Technicians & Helpers
- **50+ skilled manpower,** scalable as per project requirements
- Dedicated **safety personnel for railway and highway projects**

Capable of executing multiple projects simultaneously while maintaining quality, safety, and strict adherence to timelines.
